EXEMPTION NUMBER/REVISION: 11993 Second Revision  
APPLICANT: Breed Technologies  
APPLICATION DATE: 11/16/99  
APPLICATION NUMBER: 36164 <sup>d</sup>36159

**EXEMPTION MODIFICATION REQUEST:** Renewal with amended confidential information on hazardous materials (i.e., drawing change to reflect change in chemical composition) contained in vehicle safety systems.

**JUSTIFICATION FOR ACTION:** Manufacturer has not shipped any product under the current exemption and has instituted modifications to manufacturing processes. Packaging prescribed are non-DOT specification cylinders (pressure vessels) for use as components of automobile vehicle safety systems. The proposed minor modifications to the exemption will not adversely impact the safety factor for this cylinder design. We are adding a confidential drawing to the project file and changing the expiration date that did not change on rev. 1 to the exemption.  
**Recommendation:** Grant proposed renewal.
